The board of directors' proposal for resolution on authorization for the board of directors to resolve on new issues

The board of directors of BONESUPPORT HOLDING AB proposes that the annual general meeting 2023 resolves to authorize the board of directors, at one or several occasions, during the time up until the next annual general meeting, with or without deviation from the shareholders' preferential rights, and with or without provisions regarding payment in kind or through set-off or other provisions, to resolve to issue new shares, convertibles and/or warrants. The total number of shares that that may be issued (alternatively be issued through conversion of convertibles and/or exercise of warrants) shall not exceed 13,011,115 shares, which corresponds to a dilution of approximately 20 percent calculated on the current number of ordinary shares in the company. The purpose of the authorization and reason for any deviation from the shareholders' preferential rights is to enable the company to raise working capital, to execute acquisitions of companies or operating assets as well as to enable issues to industrial partners within the framework of partnerships and alliances. To the extent an issue is made with deviation from the shareholders' preferential rights, the issue should be made on market terms.

The CEO shall be authorized to make such minor formal adjustments of the resolution as might be necessary in connection with the Swedish Companies Registration Office (Sw. *Bolagsverket*).

For a valid resolution, the proposal has to be supported by shareholders representing at least two-thirds of the votes cast as well as the shares represented at the annual general meeting.
